### **Question 1. What are 3 key issues of importance to the real estate profession in Queensland you would promote and support as a Director of the REIQ?**

There are numerous issues that I feel need to be closely monitored during these uncertain times in our industry. Firstly, I would like to see the REIQ pay close attention to digital disrupters and modern technology platforms that have the ability to destabilise our industry. Secondly, I feel that the Government regulations applied to our industry needs to be reviewed and brought into the 21<sup>st</sup> century. There are so many regulations and legislative requirements that are outdated and costing agencies time and money. Thirdly, I would like to see the requirement of compulsory Professional Development Training in the industry to ensure that the professionalism of the industry is protected.

### **Question 2. Please describe your background and experience in the real estate profession including any positions held and contributions made to the REIQ.**

I have been buying and selling real-estate in South East Queensland for over 20 years. I am currently the Principal/Licensee for our family run real-estate business. Prior to opening our own business, I have previously been employed by a well-known real-estate franchise as a sales consultant.

### **Question 3. Describe your academic and professional qualifications.**

I am a Graduate of the Australian Institute of Company Directors (AICD). I completed this qualification in 2017 and since completing this qualification have undertaken numerous professional development updates to enhance my skillset in corporate governance, risk management, audit and strategic framework development. Being on the board has enabled me to gain valuable experience in the banking and finance sectors which operated in a similar highly regulated environment to the real-estate industry.

I am currently an elected Councillor in the Moreton Bay Regional Council. The responsibilities of a Councillor are very similar to that of a Company Director. I have previously been appointed as the Chair of the Planning Portfolio within Council and am currently appointed as the Chair for the Engaged Council Portfolio which is responsible for many varying departments, including the delivery of the annual budget of Council. Previously I have held a role as a Franchise Director for one of the largest taxation firms in the world.

I have previously been elected into the Queensland Parliament and served a term working in the Local Government, Housing & Transport Committee, which was responsible for the oversight and scrutiny of legislation brought before the Parliament. This role has created many existing relationships and networks from both sides of politics in the Queensland Parliament and provided me extensive skills relating to how legislation is developed, consulted, scrutinised and implemented. I feel this experience would be a major asset to the board if I was provided the opportunity to be a Director of the REIQ
